## Visiting Goolgowi

Goolgowi was settled in the 1920's when the area was opened up for wheat farming. The Heritage Trail shows the history of the village and starts in Pioneer Park, which is a popular picnic spot with a playground and facilities. A soft sculpture, situated in the Goolgowi Hall, showcases the history of the area. For more information, ask at the Carrathool Shire office at the corner Cobram and Stipa streets.
